PROFESSIONAL EXPERIENCE DESCRIPTIONS

Graduate Assistant Multimedia Curriculum Designer

Monterey Bay Aquarium's Innovation Lab, 886 Cannery Row, Monterey, CA 93940

Capstone Project

October 2022 – December 2023

- Designed, developed, implemented, and evaluated “Level 1 Badge” Vinyl Cutter course, preparing 13- to 65-year-old target audience learners to use the vinyl cutter safely and effectively with supervision.
- Created content with **Storyline 360**, **Adobe Premiere Pro**, **Camtasia**, and **Dreamweaver**.
- Implemented learning and instructional theories including Gagne’s Nine Events of Instruction, Social Learning Theory, and tenets of constructivism, cognitivism, and behaviorism.
- Employed multimedia principles (multimedia, modality, contiguity, redundancy, coherence, segmenting, personalization) to optimize eLearning experience.

Teaching Assistant

California State University, Monterey Bay, Seaside, CA 93955

IST524: Instructional Technology

September 2023 – December 2023

- Built weekly interactive content reviews with **Rise 360** and integrated into **Canvas LMS**.
- Provided one-on-one office hours support for students via Zoom.
- Provided individualized feedback on student work.

Nurse Care Manager, Intestinal Rehabilitation

Children’s Hospital Los Angeles, 4650 Sunset Blvd, Los Angeles, CA 90027

April 2021 – August 2022

- Coordinated care for pediatric patients with diagnoses including short gut syndrome, mitochondrial disease, gastroschisis, feeding difficulties, and those on total parenteral nutrition.
- Provided care for the intestinal rehabilitation patient population including patient and family education, weekly blood draws, CVC dressing care, and management of complications including catheter occlusion, damage, and infection.
- New nurse trainer
- Created Intestinal Rehabilitation nurse care manager guide prior to leaving position to support transition.
- Attended weekly CCS Gastroenterology Intestinal Rehab conferences, filling the required registered nurse role to facilitate patient health insurance coverage.

Registered Nurse, Gastroenterology Motility

Children’s Hospital Los Angeles, 4650 Sunset Blvd, Los Angeles, CA 90027

December 2018 – April 2021

- Coordinated care for patients and families undergoing motility studies.
- Conducted inpatient motility studies, facilitating effective care and communication across multiple teams.
- Conducted outpatient motility studies in coordination with team members.
- Trained fellow employees and new hires in general gastroenterology care and motility studies.
- Created patient education on anorectal, esophageal, colonic, and antroduodenal manometry studies in coordination with the education department.
- Created nursing competencies for manometry outpatient studies in coordination with management and education department.
- Created in-depth nursing guides on the motility nursing role and running inpatient long studies prior to leaving position to support transition.
- New nurse trainer

- Completed essential office duties including patient and family education, phone call triage, prior authorization submission, fax and email management, and care coordination between offices.
- Provided gastroenterology post appointment education and facilitated communication to optimize care.

Registered Nurse, Wound Care Advantage

USC Verdugo Hills Hospital, 1818 Verdugo Blvd #204, Glendale, CA 91208

November 2015 – December 2018

- Provided outpatient wound care to patients with ulcers of multiple etiologies utilizing such techniques as negative pressure wound therapy, compression, total contact casting, skin substitute application, topical medication and dressing application, and family education.
- Provided inpatient wound care, completed independent assessments, and recommended care plans.
- Ostomy Management Specialist: Provided care and education to patients with new ostomies and those experiencing complications.
- Supported Wound Care Advantage through public education provision and community outreach, staff education, audit performance, and participation in product trial studies.
- Float nurse to UCLA Medical Center Wound Care and Placentia Linda Hospital Wound Care for provision of outpatient RN wound care services.
- Product Education and Evaluation committee member
- New employee trainer

Registered Nurse, Maternal/Child Unit

Ridgecrest Regional Hospital, 1081 N China Lake Blvd, Ridgecrest, CA 93555

October 2014 – October 2015

- Provided effective bedside inpatient care to full patient load with frequent assessment, education, and intervention. Population included postpartum mother/baby couplets, pediatric med/surg, adult med/surg, and pre- and post-op patients.
- Floated to Outpatient Pavilion. Carried out interventions including patient and family education, infusions, injections, wound care, and same-day surgery pre- and post-op care for adult and pediatric patients.
